| Project Name | Plasma Donor Application |

UPLOAD IMAGE TO IBM CONTAINER REGISTRY

The screenshot displays the IBM Cloud Container Registry interface. The main content area is titled 'Images' and shows a list of images. The table below represents the data shown in the screenshot:

| Repository@digest | Tags | Manifest type | Created | Size | Security status |
|--|--------|---------------|-------------|--------|-----------------|
| shrruthi/shrruthi@sha256:332281aa78ec... | latest | Docker | 8 days ago | 23 MB | 26 issues |
| shrruthi/assignment_4@sha256:b885d239be49... | latest | Docker | 15 days ago | 356 MB | 26 issues |

The interface also includes a sidebar with navigation options: Container Registry, Quick start, Namespaces, Repositories, Images (selected), Trash, and Settings. The top navigation bar shows 'IBM Cloud', 'Search resources and products...', and user account information. The bottom status bar shows the date and time as 08-11-2022, 09:59.
