

## SETTING UP APPLICATION ENVIRONMENT

Date	30 Oct 2022
Team ID	PNT2022TM34873
Project Name	PLASMA DONOR APPLICATION

## CLOUD ACCOUNT CREATION

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and 'Suvetha A's Account'. Below this, the 'Dashboard' section features a 'For you' area with several quickstart options: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Set up your IBM Cloud account' (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), 'Build a Virtual Private Cloud (VPC)' (Upgrade to a paid account to create your own protected space in the IBM Cloud), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), and 'Create' (Deploy available on Hat Op Cloud). Each option includes a 'Getting started' button and a time estimate. On the right side of the dashboard, there are links for 'Edit dashboard', 'Upgrade account', and 'Create resource'. At the bottom, there are sections for 'User access' (Loading...), 'News' (Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS), and 'Planned maintenance'.
